1. In view of the Appeal Brief filed on June 21, 2006, PROSECUTION IS HEREBY REOPENED. The new grounds of rejection is set forth below.

To avoid abandonment of the application, appellant must exercise one of the following two options:

(1) file a reply under 37 CFR 1.111 (if this Office action is non-final) or a reply under 37 CFR 1.113 (if this Office action is final); or,

(2) initiate a new appeal by filing a notice of appeal under 37 CFR 41.31 followed by an appeal brief under 37 CFR 41.37. The previously paid notice of appeal fee and appeal brief fee can be applied to the new appeal. If, however, the appeal fees set forth in 37 CFR 41.20 have been increased since they were previously paid, then appellant must pay the difference between the increased fees and the amount previously paid.

A Supervisory Patent Examiner (SPE) has approved of reopening prosecution by signing below:

Rena Dye

2. Claim 48 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 48 is confusing and inconsistent with independent claim 21. Claim 48 requires that the recording element is a single layer while claim 21 requires at least a support and an ink receiving layer. Clarification is requested.

Art Unit: 1774

3. Claims 21-46, 48-51, 53 and 54 are rejected under 35 U.S.C. 103(a) as being unpatentable over Maeda et al. (Japanese Kokai Patent Application No. Hei 7[1995]-137432) for reasons of record and for reasons given below.

4. Applicant's arguments filed in the Appeal Brief of June 21, 2006 have been fully considered but they are not persuasive for reasons of record. No new arguments were presented in the Appeal Brief so that all arguments have been previously responded to by the examiner.

It is noted however, that applicants' Brief was non-compliant and could not have been sent on to the Board. In case applicants wish to file another Brief in response to this office action, the examiner points out the following defects in the Appeal Brief of June 21, 2006: the Evidence Appendix did not contain copies of evidence that had been submitted along with a statement setting forth where in the record the evidence had been entered by the examiner (37 CFR 41.37(c)(1)(ix)).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Pamela Schwartz whose telephone number is (571) 272-1528.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rena Dye, can be reached on (571) 272-3186. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
